

Prepare for Your Brain Cyst Treatment in Spain

Documents and Visa Requirements

- Valid passport or travel document with at least three months' validity beyond the expected return date.
- Schengen visa for stays under 90 days for non-EU residents; check the Spanish consulate website or [Spain Visa Information](#) for specific country requirements.
- Medical referral letter, health insurance coverage, and previous medical reports and imaging for your Brain Cyst treatment.
- Some clinics in Spain offer diagnostic tests if necessary medical documents are missing or outdated.

Accommodation Options

Hospital stays for the duration of the medical procedure are typically provided. Some clinics have partner hotels offering discounts, which are not usually covered by the clinic. Self-booking is also an option. The average hotel stay per night ranges from €50 to €150. Accommodation for an accompanying person can be arranged, with conditions varying by clinic.

Transfer Services

- Clinics may offer free or paid airport transfers; it's important to confirm with the clinic beforehand.
- Popular taxi services include Taxi Barcelona and Taxi Madrid with prices starting around €30 for inner-city transfers.

Interpreter Services

Interpreter services are often available at Spanish clinics, either for free or at an additional cost. It's recommended to arrange this service in advance through your medical coordinator.

Payment Methods

- Most clinics accept payment via cash or card.
- The local currency is the Euro (€), and having local cash is convenient for smaller expenses.
- While some places may accept dollars or euros, it is advisable to exchange to the local currency for ease of transactions.

Before Your Brain Cyst Treatment

- Discuss all medications you're currently taking with your medical coordinator, some may need to be stopped before the procedure.
- Arrange for someone to assist you after the procedure, as you will need rest and should not be alone.
- Prepare a bag with essentials, including loose clothing, toiletries, and any devices you might need during your hospital stay.
- Follow any fasting or preoperative instructions given by your medical team.
- Ensure you have all necessary postoperative care information and emergency contact numbers.
- Plan for transportation and accommodations post-discharge if required.
- Keep your personal medical coordinator's contact information handy for any assistance or questions during your stay.
