

Prepare for Your Laser Eye Surgery Trip to Turkey

Documents and Visa Requirements

- Valid passport or travel ID as required for international travel.
- Visa requirements vary; check the current regulations for Turkey at [e-Visa](#) based on your country of origin.
- Medical documents: prescription history, previous eye exams, and any relevant medical records.
- Clinics in Turkey may provide diagnostics and tests if certain medical documents are lacking.

Accommodation Options

While accommodation is not typically included, partner hotels may offer discounts. Hospital stays are not required for Laser eye surgery. Self-booking is available, with average hotel costs around \$50 to \$150 per night.

Transfer Services

- Clinics usually offer free airport transfers; confirm with your clinic beforehand.
- Popular taxi services like BiTaksi and iTaksi with approximate prices ranging from \$0.5 to \$0.8 per kilometer.

Interpreter Services

Interpreter services are generally available, sometimes at an additional cost. Confirm with your clinic if they provide this service for free.

Payment Methods

- Cash and credit card payments are accepted.
- The local currency is Turkish Lira (TRY), and having local cash is recommended for smaller expenses and convenience.
- Payments in dollars or euros might be accepted in some places, but it's advisable to have Turkish Lira for ease of transactions.

Pre-Op Laser Eye Surgery Tips

- Stop wearing contact lenses at least one week before surgery, as they can alter the shape of your cornea.
- Avoid using eye makeup, creams, or lotions the day before and on the day of the surgery.
- Arrange for someone to accompany you on the day of surgery, as you will not be able to drive afterwards.
- Have a light meal before the procedure and avoid caffeine.
- Ensure you have a pair of sunglasses to protect your eyes from bright lights after the surgery.
- Follow all pre-operative instructions provided by your ophthalmologist for optimal results.
